MAYSICK RESIDENCE DESTROYED BY FIRE

The residence of Mr. John Van Camp, at Mayslick, better known as the old Myall home, was totally destroyed by fire yesterday morning about 11 o'clock. Mr. and Mrs. Van Camp were in Carlisle on business when the fire occurred and there was no one in the house at the time of the fire. Neighbors did all that was possible to save the building but the fire had gained too much headway. The cause of the fire is unknown, but it is thought that a burning coal may have fallen from a grate. The building was insured for \$1,000.

COMMITTED SUICIDE

Word was received here yesterday that Mr. Stonewall J. McNutt, formerly of Cottageville, Lewis county, committed suicide at his home in Moline, Ill., on Wednesday afternoon. His remains arrived here last night on C. & O. train No. 4 and were taken to Cottageville this morning. The funeral was held from Ebenezer Church this morning, with interment in Ebenezer cemetery.

WORK NEEDED

To Assure Success of Second Loan—Three and a Half Billions Raised and Victory is Certain if Effort is Kept Up.

Washington, October 25—Liberty Loan totals flashed past the \$3,000,000,000 mark today and headed for the \$5,000,000,000 maximum with every indication that by continuation of the relentless campaign, the latter figure would be realized when the books close Saturday.

Although unofficial estimates from the twelve federal reserve districts do not total the figure, officials tonight expressed the conviction that subscriptions were past the \$3,500,000,000 mark.

"Victory for the second Liberty Loan is in sight," Secretary McAdoo announced tonight, upon his return home from a trans-continental tour in behalf of the loan, but it has not yet been achieved.

Compiled from estimates submitted by local committees and additional reserve bank headquarters, the total unofficial estimate of subscriptions announced tonight by the Treasury was \$3,200,000,000. This sum is regarded by many officials as ultra-conservative.

Nearly Half Billion

Official reports of subscriptions turned into the federal reserve banks increased approximately \$400,000,000 over night and totaled, with San Francisco's work of yesterday unrecorded, \$2,025,543,300.

Secretary McAdoo, in a statement summarizing the results of his trip, urged the nation to continue without letup the vigorous campaign in order to reach or exceed the \$5,000,000,000 desired.

METHODIST CHURCH

Plans to Station Ministers at Army Camps Here and Abroad.

Atlantic City, N. J., October 25—The Board of Bishops of the Methodist Episcopal Church has approved of the Young Men's Christian Association's conduct of religious work in the American military encampments here and abroad for the Protestant churches and of the Knights of Columbus for the Catholic Church. It will co-operate with the Y. M. C. A. and send ministers to each cantonment.

Fifty of the strongest young clergymen in the Church will be drafted for this work today by a special committee of bishops. The committee includes Bishop Barry, of Philadelphia, president of the board and chairman of the committee, and Bishop McDowell of Washington, D. C. Hughes, Portland, Ore.; Anderson, Cincinnati, and Leete, Atlanta.

The Church will spend \$250,000 in the religious work among the soldiers. Bishop Anderson will take charge of the work in Europe and will sail before Christmas.

The joint commission of the Methodist Episcopal Church and the Methodist Episcopal Church, South, named to effect a unification of the two bodies, reported that an agreement is in sight.

CHILDS-ROLLER

Miss Margaret M. Childs and Mr. John M. Roller were united in marriage at the St. Patrick Catholic Church yesterday morning at 5:30 o'clock. The Rev. Father P. M. Jones officiating. The bride is the daughter of Mr. Henry Childs of West Second street, while the groom is a prominent young business man of Cincinnati. The attendants were Miss Elizabeth Childs, sister of the bride, and Mr. Thomas Hart, of Cincinnati. The happy couple left on C. & O. train No. 5 for a short bridal trip, after which they will return to Cincinnati to make their home.

WAR FUND OF \$100,000 APPROPRIATED BY CHRISTIAN CHURCH CONVENTION

Rev. A. F. Stahl, who is attending the annual convention of the Christian Church of the United States and was now in session in Kansas City, Mo., writes home that \$100,000 was appropriated as a war emergency fund to assist in religious work at the various army cantonments by the Church Missionary Board. Over 10,000 delegates are in attendance at the convention, which closes next Wednesday, October 31.

SPECIAL REGISTRATION DAYS

If you did not register on the regular registration day, you can do so either Monday, Tuesday or Wednesday of next week at the County Clerk's Office. This will be your only chance. Come Monday is possible—something may happen to prevent you coming later.

HAVE YOU BOUGHT A BOND YET

The total sale of Liberty bonds in Mason county up until press time this morning is \$271,600, which leaves \$117,750 yet to be raised within the next two days. If you have not bought a bond yet, come across and do your share.

Relatives and friends of Barry Renaker, who is serving a two-year sentence in the penitentiary for burning the Renaker turkey pens at Lewisburg over a year ago, are meeting with much success in securing signatures to a petition for his pardon.

Mr. William M. Brown and Miss Margaret Hutton, both of Fleming county, were married here Wednesday afternoon by Dr. John Barbour, at the First Presbyterian Church parsonage.

Mr. Perry Thomas of Tulsa, Okla., and Mr. Frank Thomas of Joplin, Mo., are here to attend the funeral of their father, the late J. C. Thomas.

The Woman's Club will meet this afternoon at 2:30 o'clock to sew for the Red Cross. All interested are urged to come and help.

Liberty Bonds As An Investment

LIBERTY BONDS ARE CERTAIN TO INCREASE IN VALUE, UNLESS AMERICA LOSES THE WAR AND THEN NOTHING THAT ANY OF US NOW HAVE WILL BE OF ANY VALUE—TO US.

UNITED STATES 4 PER CENT. \$100 BONDS DUE IN 1907 ONCE SOLD AT \$130.

4 PER CENT. BONDS DUE IN 1925 SOLD AS HIGH AS \$137.

AT THE TIME THE FIRST LIBERTY LOAN WAS ANNOUNCED 3 PER CENT. BONDS WERE SELLING AT \$103. ON THAT BASIS A \$100 BOND IN 5 YEARS WILL HAVE EARNED \$20 IN INTEREST AND \$15 IN INCREASED VALUE, MAKING \$35 IN ALL. THIS FIGURES SEVEN PER CENT A YEAR. WHERE IS THERE ANOTHER ABSOLUTELY SAFE INVESTMENT THAT OFFERS THIS RETURN?

Liberty Bonds Are the Same As Cash in Hand

THEY ARE GOOD AS GOLD. THEY CAN BE CONVERTED INTO MONEY AT ANY TIME. IT IS PATRIOTIC TO BUY LIBERTY BONDS AND THEY ARE AN IDEAL INVESTMENT.

WHITE SOLDIERS

Refuse To Salute Negro Captain at Camp Taylor and Are Arrested.

Louisville, Ky., October 24—A negro army Captain passing through Louisville today had a brief but turbulent visit when he attempted to make three white soldiers salute him on a downtown thoroughfare. The incident occurred at Fourth and Green streets shortly after noon, when the officer, wearing an imposing-looking overcoat and carrying a swagger stick, saluted the white men. Finding himself ignored, he wheeled about and demanded to know why his salute had not been returned. One of the soldiers answered:

"I won't salute any negro."

Another suggested that if the negro took off his uniform they would salute it.

The negro summoned the military police and caused the men to be placed under arrest. An angry crowd witnessed the affair and threatened the officer with violence, but he hurried away after announcing he would report the matter to Major General Hale, in command at Zachary Taylor. He declined to make known his name.

THE FIRST VICTIMS

A nation of spirit is never daunted by disaster. It is only aroused to greater effort. It has been so all through American history. It is so in the case of the first blow of any importance struck by Germany since we entered the war.

The sinking of the transport Antilles by a German torpedo could not, in any event, be designated as a great tragedy. It is tragic enough to the families and friends of the men immediately involved; but the human losses are small, as war losses go, and the damage to our fleet is trivial.

But small, relatively, as we must reckon this disaster, it had an immediate and notable effect, precisely opposite to that which German frightfulness always anticipates. The news that 70 American soldiers and sailors had gone down, a first sacrificial offering in our fight for human freedom, was felt instantly in quickened subscriptions to the Liberty Loan, in greater activity throughout our busy shipyards, in greater earnestness among the hundreds of thousands of army and navy recruits, in more effective work in every branch of our war preparations, and in the deepened determination of the nation as a whole to see it through at all costs.

Thus, though the death of those first victims without a chance to strike back might seem at the moment a total military loss, a lamentable sacrifice without results, it is not so. Those lives lost pay rich dividends in power and success for the American cause. Every man who went down to his death was the immediate cause and inspiration of a hundred times the fighting power he represented. It will be so with subsequent victims.

They are really not "victims" at all, these men now dying for their country. They are victors, because they are the pioneers blazing the way to victory.

FREIGHT RATES

The railroads are joining again in a request for a rate raise. There is a feeling among the eastern lines, particularly, that they have not been treated fairly in the advances granted in the last few years. Despite the big increase in the volume of transportation, they say, and despite the economies they have inaugurated, they are still not making enough money to take care of their obligations, keep up equipment and make necessary extensions and improvements.

Whether they shall be allowed a rate increase, and how much it shall be, are matters for expert determination. The Interstate Commerce Commission can doubtless be depended on to render justice. So far as the public is concerned, however, there is no disposition to be stingy with the railroads. They have earned the good opinion of the nation. Since we entered the war, they have been conspicuous for their patriotic co-operation with the government and their earnest efforts to give the most efficient service possible. They have set a good example to every other industry in the country—an example of which two or three important industries that might be mentioned have fallen far short.

As a plain token of appreciation, therefore, most people would rather like to see the railroads treated not merely with justice, but with liberality.

The present, moreover, is no time for a parsimonious policy. If sentiment cuts no figure in rate decisions—and perhaps it shouldn't—practical policy may demand that the roads be assured enough additional income to enlarge their carrying power. The supreme industrial need in this country is more transportation. Better give them too much than too little, if they will agree to use the money in providing the freight facilities that the nation so sorely needs.

CATERPILLAR FINANCE

Anybody who thinks he can't buy Liberty Bonds regularly is advised by a New York World writer to consider the caterpillar. If you've never noticed how that progressive creature gets ahead, it's worth the trouble to hunt one up and watch him for a minute. It's rather late in the season, but in most parts of the country the variety known popularly as "woolly bear" may still be seen, husily heading for a snug place to pass the winter.

The caterpillar, as the Wold naturalist points out, "reaches out for a good hold, pulls himself up and reaches out again." Why shouldn't people follow the same tactics in their thrift plans?

"Buy a bond after the caterpillar fashion. Pay a little down and an installment weekly or monthly until you have caught up; then reach for another. There is no better road to independence." Or, to make the parallel more complete, we might say there's no better road to a snug place for the winter of old age.

There will be issue after issue of Liberty Loans, while the war lasts. They may seem to be coming pretty fast, but they won't come so close together that any family of ordinary income and decent thrift afford to buy at least one bond for every issue.

It may be a fifty-dollar bond; it may be a thousand-dollar one. The government stands ready to fit the investment to that size of the buyer's purse. Buy the biggest bond you can afford, and then keep right on. Form the habit. Be a financial caterpillar.

SOLDIERS' VACATIONS

There's one respect in which French soldiers have the advantage of the Americans. They get vacations. Every "poilu" has three weeks off a year. The vacationers are taken home in special trains, and their time doesn't begin until they're with their relatives and friends.

But there's one handicap. The French soldier hasn't much money to spend on his vacation. The American troops can give half their wages to their families, and still have left more than three times as much as the French get.

Nicholas Romanoff is said to have asked permission to move from his city home in Toholak monastery, out in the suburbs, because he wanted to work in the garden. It may be so. But if Friend Nick is doing any gardening this time of the year, we've been fed a lot of false information about the Siberian climate.

Unsightly Complexion

This is very frequently caused by soap and other matter remaining on the face to clog the pores. Hard water makes it almost impossible to wash the face properly to preserve a beautiful complexion.

The skin needs an occasional antiseptic to remove impurities and overcome the effects of hard water and questionable soap. A solution of 20 Mule Team Boric will do this. The expense is a trifle, and the result is a wonder.

You will find 20 Mule Team Powdered Boric a splendid antiseptic and its effect on the skin is very healing indeed. Buy it from your druggist.

RIPLEY'S MIDDLE

In this week's issue of the Ripley Bee there appears a copy of the police census made by the marshal of Ripley on June 8, 1916. This list was "examined," formally accepted and attested by the city administration, Mayor Williams and the entire City Council being present. The Executive Committee of the Citizens and Taxpayers Protective League found in the list 269 non-residents, persons unknown, dead and infants unborn. If you can beat this, bring your list.

Probably the world's marrying record for men was created by George Witzoff, whose bigamies astounded the world some years ago. His marriages were variously estimated at from 200 to 800, and it was reported that in the space of a single week he went through marriage ceremonies with ten different women.

UNITED STATES FOOD ADMINISTRATION

WHAT YOU CAN DO TO HELP WIN THIS WAR.

See other side showing why you should do it.

Our problem is to feed our Allies this winter by sending them as much food as we can of the most concentrated nutritive value in the least shipping space. These foods are wheat, beef, pork, dairy products, and sugar.

Our solution is to eat less of these and more of other foods of which we have an abundance, and to waste less of all foods.

Bread and Cereals.—Have at least one wheatless meal a day. Use corn, oat, rye, barley, or mixed cereal rolls, muffins, and breads in place of white bread certainly for one meal and, if possible, for two. Eat less cake and pastry.

Meat.—Use more poultry, rabbit, and especially fish and sea food in place of beef, mutton, and pork. Do not use either beef, mutton, or pork more than once daily, and then serve smaller portions. Use all left-over meat cold or in made dishes. Use soup more freely. Use beans; they have nearly the same food value as meat.

Milk.—Use all of the milk, waste no part of it. The children must have whole milk; therefore, use less cream. There is a great waste of food by not using all skim and sour milk. Sour milk can be used in cooking and to make cottage cheese. Use buttermilk and cheese freely.

Fats (butter, lard, etc.).—Dairy butter has food values vital to children. Therefore, use it on the table as usual, especially for children. Use as little as possible in cooking. Reduce the use of fried foods to reduce the consumption of lard and other fats. Use vegetable oils, as olive and cottonseed oil. Save daily one-third of an ounce of animal fat. Waste no soap; it contains fat and the glycerine necessary for explosives. You can make scrubbing soap at home, and, in some localities, you can sell your saved fats to the soap maker, who will thus secure our needed glycerine.

Sugar.—Use less candy and sweet drinks. Use less sugar in tea and coffee. Use honey, maple syrup, and dark sirups for hot cakes and waffles without butter or eggs. Do not frost or ice cakes. Do not stain the use of sugar in putting up fruits and jams. They may be used in place of butter.

Vegetables and fruits.—We have a superabundance of vegetables. Double the use of vegetables. They take the place of part of the wheat and meat, and, at the same time, are healthy. Use potatoes abundantly. Store potatoes and roots properly and they will keep. Use fruits generously.

Fuel.—Coal comes from a distance, and our railway facilities are needed for war purposes. Burn fewer fires. If you can get wood, use it.

GENERAL SUGGESTION.

Buy less; cook no more than necessary; serve smaller portions. Use local and seasonal supplies. Patronize your local producers and lessen the need of transportation. Fresh and practice the "wheatless" of the home plan. We do not ask the American people to starve themselves. But plan, but wisely, and without waste.

THE MESSAGE OF THE HOME CARD

Women in millions of American homes will read the message of the "Home Card" and will follow its suggestions. If enough millions do this, the problem of feeding the allies and ourselves is solved, and the war won. This is the belief of the United States Food Administration, who hope, during "Food Pledge Week" to organize the America Women into a volunteer food conservation army. The duties of these women, as stated by the "Home Card," are merely to eat less and serve less of wheat, beef, pork, dairy products and sugar, and more of other foods of which we have an abundance.

THE DAILY REMINDER

In The Day's News

Elbert H. Gary, who is to preside at the annual meeting of the American Iron and Steel Institute at Cincinnati today, has been the real head of the United States Steel Corporation since the day it was formed. Mr. Gary began life as a farmer's son in Illinois. His father was able to send him to college and to a law school, and in 1871, at the age of 25, he secured a position as clerk in the superior court at Chicago. Two years later he began the practice of his profession, specializing in corporation law, an eventually becoming counsel and director of two large steel companies. His industrial interests gradually came to overshadow his law practice, and he finally abandoned his profession and removed to New York, where he was chosen by the late J. P. Morgan to head the board of directors of the United States Corporation.

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, because of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement:

Miss Dora Edgington, Wood St., Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chanor's Drug Store, it is located in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 60c all stores. Mr. James Cooper Thomas of Cincinnati is here, called by the death of his grandfather, the late James C. Thomas.

Miss Katherine Korb of Pittsburg Pa., after a few weeks' visit to the Days of the county and Mrs. Harry Crawford of this city, returned to her home Monday via Cleveland where she stopped over a few days.

Middleman William G. Smoot, son of Dr. and Mrs. P. G. Smoot, of East Third street, arrived yesterday afternoon from Norfolk, Va., to attend the funeral of his grandfather, the late James C. Thomas, which will be held this afternoon.

Y. M. C. A. LUNCHEON

In Masonic Temple Yesterday Was a Most Successful Affair—\$13,750 to Be Raised in This District For War Relief Fund.

About seventy-five Y. M. C. A. workers representing this district of the state were here yesterday to attend the luncheon given in the Masonic Temple, the purpose of the meeting being to formulate plans and create enthusiasm for the raising of this district's share of the \$400,000 war relief fund, which will be used to further the Y. M. C. A. work for the American and allied soldiers, and especially at Camp Zachary Taylor, where most of Kentucky's young men are in training.

The counties represented here yesterday were Mason, Bracken, Harrison, Pendleton, Robertson and Nicholas. Fleming and Grant counties are also in this district, but had no representatives at the meeting.

The luncheon was served by Chef Charles Rohmiller in his best style and it was thoroughly enjoyed by all. Judge Edward Hines, state chairman of the war relief work spoke of the campaign that is to be waged and at the close of his talk the representatives of this district pledged \$13,750, which is to be raised among the eight counties which compose the district. Mason county will have the largest amount to raise, as the contributions will be made according to the property valuations of each county.

"Dad" Bailey, superintendent of the Y. M. C. A. at Camp Zachary Taylor, told of the great work the Y. M. C. A. is doing for the soldier boys and said that General Hale had promised that some of the young men would be permitted to return to their home counties during the campaign to tell of what is being accomplished.

Hon. W. H. Rees was chosen county chairman for Mason county and Mr. Alex. Carey was chosen boys' work chairman. The local Y. M. C. A. workers feel much encouraged over the prospects here by the interest manifested yesterday and it is thought that Mason county's share will be raised with little difficulty.

TEUTON LINES SMASHED

As French Continue Drive — Italy Loses Ground — Germans Flight Along the Alps No Hurried That They Are Forced to Abandon 120 Heavy Guns.

Paris, October 25.—The French forces on the Alps today continued their successful advance, capturing several important villages as well as two thousand prisoners. Since the beginning of the present operations, says the announcement made tonight by the war office, more than twelve thousand Germans have been captured, as well as 120 big guns and many guns of smaller calibre.

The French again attacked Thursday along the entire line, forcing the Germans to abandon Monkey Mountain east of Vauxillon, the village Pargny-Flaon, on the extreme east of the line and numerous fortified farms and many other points of vantage. The latest drive of the French brings General Potain's army within sight of the important railway junction of Laon, the objective sought for which now is a scant eight miles distance. Large quantities of war stores were abandoned by the enemy in the retreat and additional guns and prisoners were captured. The number of prisoners taken since the drive began now exceeds 12,000 more than 200 of whom are officers. Two thousand of the prisoners were taken Thursday.

An indication of the rapidity with which the drive has been carried out is the total number of guns the Germans were forced to leave behind them. These amount to 120, among them several howitzers not to mention several hundred small calibre pieces, such as minenwerfer and machine guns.

While the operations on the Ypres sector of the front in Flanders continue to be carried out mainly by the artillery, with the British and French guns hurling the greater weight of metal, the Germans have launched another strong counter attack south of the Houtholst forest where the British and French armies have joined hands. Again this attack met with repulse.

Rome, October 25.—Taking advantage of their bridgehead of Santa Maria and Santa Lucia, the Austro-German forces which yesterday began an offensive on the Isonzo front brought the battle on to the slopes of the right (west) bank of the Isonzo, says today's official statement.

The enemy broke through the Italian advanced lines on the east bank of the Isonzo. Powerful Austro-German attacks also were made on the Balizza plateau and on the west slopes of Monte San Gabriele, but these were checked by the Italians, who took a few hundred prisoners.

On the twenty-five mile front running from Monte Rombon to the Buzza plateau, the battle between the Austro-German forces and the Italians apparently is growing in intensity with the Austro-Germans the aggressors, but with the Italians stubbornly resisting everywhere.

Although the German war office asserts that gains have been made at various points along the line, the Italian official communication does not concede any losses except on the east bank of the Isonzo south of Monte Rombon. To the contrary, this communication asserts that on the Balizza plateau, where the Germans had announced successes, and on the west slope of Monte San Gabriele, enemy attacks were repulsed and that the Italians even took several hundred prisoners.

AMERICAN STEAMER ESCAPES FROM U-BOAT AFTER LONG BATTLE

A French Seaport, Wednesday, October 24.—Escaping from a German submarine after a bitter fight lasting nearly four hours and with seven of her crew wounded, two of them seriously, an American steamer arrived here this morning from an American port. The timely intervention of an American torpedo boat alone saved the ship from being sent to the bottom.

K. P. GRAND LODGE

Names Officers For Next Year—John L. Carter of Lexington, Is Re-elected to Office For Seventh Tenth Time.

Lexington, Ky., October 25.—The election of Emil Porman, of Louisville, to the office of grand master of the Grand Lodge, Knights of Pythias of Kentucky, was the event of the closing day of the forty-ninth annual convention. This insures Mr. Porman's election to the grand chancellorship five years from now, since the office is progressive.

Aubrey Barbour, of Newport, who has served as grand vice chancellor during the past year, became grand chancellor and will be the head of the order in Kentucky during the coming year. John J. Howe, of Carrollton, was elected grand vice chancellor; A. O. Sisk, of Burlington, grand prolate; J. L. Anderson, of Manchester, grand master at arms, and S. P. Alderson, of Russellville, who served last year as grand outer guard became grand inner guard.

J. L. Carter, of Lexington, was re-elected to the office of grand keeper of records and seals, and B. P. Du-rant, of Bowling Green, to the office of grand master of exchequer. This is the seventeenth time in succession that Mr. Carter has been re-elected to the office which he holds. He served as grand chancellor in 1888-1889.

O. H. Pollard, of Jackson, and R. L. Slade, of Lexington, were re-elected as supreme representatives. The terms of two of the members of the Board of Directors of the Pythian Home had expired, R. M. Hunter of Nicholasville, and J. M. Morris of Christianburg. They were both re-elected.

It was decided that the annual convention would hereafter be held in June instead of October. No selection was made of next year's meeting place.

EDISON BELIEVED TO HAVE FOUND ANTI-SUB. WEAPON

Orange, N. J., October 25.—Thomas A. Edison, veteran inventor, has spent the last ten days on the high seas, striving to perfect some means of defeating the submarine, his laboratory announced today. He is now back "somewhere in America" with the result of his studies and experiment.

First news that the electrical wizard had carried his search to the sea was made in a brief statement by William Maxwell, vice-president of Thomas A. Edison, Incorporated, and general manager of the musical phonograph department, today. It was in connection with a letter appeal to Edison himself that they buy liberty bonds.

It was believed from the fact that Edison's sea voyage was announced as ended and from strictest reticence at Edison plant today as to his whereabouts, that the inventor had probably found the anti-submarine weapon for which he has been searching. It was understood that Edison's experiment included duplication as far as possible of Germany's submarine warfare methods.

MILLER HUGHES IS SIGNED TO MANAGE YANKEES NEXT YEAR

New York, October 25.—President Jacob Ruppert, of the New York American league, announced today he had signed Miller Hughes, manager of the St. Louis team, to manage the Yankees under a two year contract. Hughes will succeed William Donovan, who has managed the Yankees for the last three seasons. Hughes conferred with Branch Rickey, president of the St. Louis Nationals, last week, and they were unable to reach terms. He then accepted the offer from the New York club.

The Chamber of Commerce deserves the commendation and praise of the business men for securing this lecture and picture.

OHIO VALLEY IMPROVEMENT ASSOCIATION SELECTS LOUISVILLE AS PLACE OF NEXT MEETING

Evansville, Ind., October 25.—The Ohio Valley Improvement Association, in session here today, decided to hold the next annual meeting at Louisville, which won over Marietta, Ohio. Resolutions were adopted urging the government to complete the improvement of the Ohio river, but a resolution urging that river rates be regulated as are railroad rates went over until next year. John L. Vance, who yesterday was elected president of the association for life, said that in spite of his 78 years, he hoped to live to see the improvement of the river consummated.

PRESIDENT URGES STATES VOTE FOR WOMEN'S SUFFRAGE

Washington, October 25.—President Wilson today gave full endorsement to woman suffrage as an immediate issue in every state.

Addressing a delegation of 100 leaders of the New York State Woman Suffrage Party who called at the White House to obtain an expression in support of the campaign in that state, the President in emphatic terms declared that woman suffrage is one of the fundamental questions of democracy whose proper settlement is demanded by the issues of the war. He praised the spirit, capacity and vision of American women in the war.

Hon. Stanley F. Reed will deliver an address on "The Great War, Its Cause and Our Duty," at the Christian Church Sunday night.

RELIEF FOUND FOR SUGAR SHORTAGE

Washington, October 25.—Prompt relief for the prevailing sugar shortage in the East was seen here today in the Food Administration's announcement that 200,000,000 pounds of Louisiana cane sugar had been purchased by the American Sugar Refining Company and will be transported to refineries in New York, Boston and Philadelphia. Sufficient tonnage to assure rapid movement of the crop already has been procured, and the first cargo will clear from New Orleans next week.

The refiner's purchased the Louisiana holdings at a price approximating 6 1/2 cents a pound. Adding transportation and refining costs. It is estimated that the product will be placed on the market at 8:35 cents a pound on the Eastern seaboard. This figure will gradually decline, it is believed, to 7 1/2 cents by the first of the year.

Rev. S. K. Hunt, pastor of the Third Street M. E. Church, is holding revival services at the Sardis M. E. Church.
